PRICE FIVE CENTS

SCHOOL MERGER ATTACKED IN COURT

Germany Warns Creditors They Must Agree on Debt Plan

HOME TOWN STUFF

Mr. H. W. Norwood has sent another picture showing a snow scene near Boulder, Colo., but it was as uninteresting as the one he sent a few days ago. Summer snow means absolutely nothing in the young life of the writer of this column.

It will not be long now until schools begin to open for their fall terms. All the young people will be happy over this prospect, because the opening of school means the beginning of football, and football has come to be one of the most important subjects taught in high schools and colleges.

Our high school football coach has returned from a summer school of instruction, held in Chicago, and we are hoping that he learned a lot of new tricks to teach our boys. Or at least we hope he will be able to teach them how to beat Wichita Falls again. Coach Weir turned out a team that beat Wichita the first year he was with Vernon High School and thus had a very successful season.

This morning the canvas awning on the front of the J. C. Penny store caught fire and caused considerable excitement for a time. Some passerby or some one in the office on the second floor of the building presumably threw a lighted cigarette stub which caught in the cloth and started the blaze. The flame was extinguished without much damage. This danger of fire could be removed by providing cigarette smokers with a supply of metal capsules in which they could place their cigarette stubs before throwing them away. To be certain of extinguishing the stubs, it could be arranged so as to have the capsules filled with water.

H. G. Michels, who lives out on the highway east of town says he wishes the town people would leave their surplus cats somewhere else than near his home. Recently he said a whole regiment of small cats were left near his home and he awoke the next morning to find his yard literally alive with cats. He didn't do a thing but gather up the cats and bring them back to town. It is not likely that he left them near the original homes, but he did the best he could. This is a poor arrangement, town people taking cats to the country and rural people bringing the same cats back to town. This system ought to be changed. It results in too much wear and tear on the cats.

A man invited H. T. to go to Wichita Falls with him today, but the invitation was not interesting. The Wichita baseball team is playing away from home now.

Governor Moody complains that the people don't show much appreciation of his efforts to save money and cut down the tax rate. No doubt he is correct. We all talk about lower taxes, but are not willing to do without the things that taxes pay for. When a man runs for office on a platform promising to reduce taxes, he nearly always gets into trouble if he is elected. It is much easier to talk about lowering taxes than it is to actually lower them. As a general rule, the safest policy for an officeholder to pursue is to eliminate all the waste possible, and try to get a full dollar's worth of value for every dollar expended. There isn't much chance for any great big reduction in State taxes without crippling the schools and the eleemosynary institutions. The bulk of our ad valorem taxes go to these two purposes and the people are not willing to neglect the training of their children or to neglect the dependent wards of the State in order to save a few cents on their annual tax bills.

On Vacation.
S. H. Hall and B. Daniel left early this morning for Corpus Christi where they will spend a week's vacation.

ANOTHER OFFER OF SETTLEMENT MADE ENGLAND

Eleventh-Hour Efforts to Save Conference and Young Plan Launched at Hague—50 Per Cent of Claims Guaranteed Great Britain.

The Hague, Aug. 21.—(A-P)—Dr. Gustav Stresemann, German foreign minister, today made an eleventh-hour effort to save the reparations conference by warning the creditor powers that Germany could not pay the cost of their failure to agree on the Young plan.

The German foreign minister, at a meeting of the six powers who had called the conference, left no doubt in the minds of those who heard him that the German government was determined not to suffer from their disagreements over the distribution of the reparations payments by Germany.

France, Italy, Belgium and Japan made Great Britain a new offer today in the hope of saving the conference from complete breakdown.

The offer was, since there was a disagreement as to value of a former proposition, to guarantee that 50 per cent of Britain's claims for an increased share of the German payments would be satisfied.

Previously the committee of experts appointed to determine the worth of the former offer to Great Britain had disagreed, some holding to Philip Snowden's contention it was between 20 and 30 per cent, and others maintaining it was between 50 and 60 per cent.

Gustav Stresemann, German foreign minister, meanwhile, moved to secure for his country the advantages of the Young reparations plan, whether or not the creditor nations agree upon the division of it.

Writing to Henri Jaspar, Belgian premier, Herr Stresemann insisted the creditor nations be convoked to arrange a system of payments for his government on the reparations account after September 1, when the Dawes plan ceases its normal operation.

The letter was taken inferentially as Germany's notice that having acquiesced herself in the Young plan, with its reduced annuities, the creditor nations must stand back of their former acceptance of the plan.

NO WORD FROM SWISS FLYERS OVERDUE IN NEW YORK

New York, Aug. 21.—(A-P)—The same silence which has shrouded outcomes of most other westward trans-Atlantic flight ventures today cloaked the end of the attempt of two Swiss boy aviators, Oscar Kaeser and Kurt Luescher, to reach New York from Lisbon.

Nothing has been heard or seen of the two airmen and their snow white plane, the Jungschweizerland, or "Young Switzerland," since it circled a village on Terceira Island, Azores, at 1 p. m., E. S. T. Monday and continued north and west toward Newfoundland, Nova Scotia and New York.

There was scant hope that either the plane or its crew of two had survived the great adventure, and had not gone the way of other trans-Atlantic failures, to a silent mysterious disaster, somewhere out at sea.

Leaving Ponta, a village near Lisbon, Portugal, at 7:30 a. m. (1:30 a. m. E. S. T.) Monday, the Young Switzerland was sighted but once, by the German steamship Werra, 175 miles west of Lisbon, before it reached the Azores, circling Praia Victoria, Terceira Island, 11-12 hours after its start.

The two aviators, maintaining their average speed of 90 miles an hour might have been expected to be in the neighborhood of Cape Race, Newfoundland, at 4 a. m., E. S. T., yesterday, and at Halifax, where they had planned to stop for refueling, at 10 a. m.

Neither Halifax nor Cape Race reported any word of them. The entire coast reported skies and a heavy fog bank which presented adverse flying conditions.

(Continued on page 2.)

WEST TO EAST LINE PLANNED

PASSENGER AIR LINE MAY RESULT FROM STUDY OF SCHEME

Glendale, Calif., Aug. 21.—(A-P)—Captain Roscoe Turner, with three passengers, took off for New York at 12:45 a. m., today, in an attempt to demonstrate the feasibility of a daylight transcontinental airplane passenger service. He planned to stop three times for refueling.

Captain Turner planned to refuel at Albuquerque, N. M., Tulsa, Okla., and Cincinnati, with seven-minute stops scheduled in each city. He hoped to make Albuquerque in five hours, Tulsa, in 11, Cincinnati in 15, and New York in less than 17 hours and 23 minutes, the record time of Captain Frank Hawks for west to east non-stop flight.

Passengers making the flight were Fred G. Trosper and Russell Pecht of Los Angeles, and D. R. Lane of Berkeley, Calif. H. C. Gatty of Los Angeles accompanied Captain Turner as navigator.

GRAF ZEPPELIN READY TO TAKE OFF FOR U. S.

Start From Japan Across Pacific Is Scheduled to Start Early Thursday, Which Is This Afternoon Here — Favorable Weather Seems Assured.

Tokyo, Aug. 21.—(A-P)—Final preparations were all but complete today for the take-off of the Graf Zeppelin, giant German dirigible at 4 a. m., tomorrow (2 p. m., E. S. T. today), for its trans-Pacific flight to Los Angeles.

Refueling was under way and finishing touches to slight repairs on the balloons were being made, but generally speaking the ship was in readiness for its round-the-world lap, a trip expected to traverse 5,400 miles and to occupy about 100 hours.

Dr. Hugo Eckener, the ship's master, who treats the take-off as no more eventful than departure of a ship from New York harbor, asked the passengers to be ready to go aboard at 2 a. m. A full two hours prior to scheduled departure.

He said today he expected to follow the northern great circle route to Seattle, possibly along the line of the Aleutian Islands, following the American coast southward to the Southern California goal.

Japanese weather surveys of the Western Pacific area made by the meteorological service particularly for Dr. Eckener showed not a single disturbance anywhere, with every prospect of an easy trip across the Pacific, which will be the second ocean crossed by the dirigible.

Thousands of Japanese took advantage of fair weather today to visit the old German hangar at Kasumigaura, where the Zeppelin is housed, to inspect the craft, the like of which has never been seen in Japan before. Most were unrestrained in their enthusiasm.

Meanwhile, Dr. Eckener and his crew continued their round of entertainments at the hands of Tokyo's great, near great and socially prominent. The officers have been so showered with gifts they will have to ship them home in crates aboard ship, having no room aboard the Graf itself.

BOTH PARTIES PLAN CAMPAIGN

REPUBLICANS TO OPEN IN WASHINGTON TO COMBAT DEMOCRATIC DRIVE

Washington, Aug. 21.—(A-P)—There is going to be politics the year round in Washington.

With the new Democratic organization at the capital already in operation, the Republicans are mobilizing a new set-up which will get under way next month.

MILLER URGES MERGING FOR ODD FELLOW LODGES

Crowell, Aug. 21.—Consolidation of smaller lodges with nearby larger organizations was urged by Barry Miller, Lieutenant Governor of Texas, and Grand Master of the Independent Order of Odd Fellows of the state, in the principal address at the opening of the two-day annual session of the Lower Panhandle I. O. O. F. and Rebekah Association here today.

Approximately 500 persons, including more than 200 delegates, were in attendance at the opening session.

The meeting opened as scheduled at 9 o'clock, and quickly swung into the scheduled program. Rev. J. D. Smith, pastor of the Crowell Baptist Church, delivered the invocation, and Mrs. May Self, of Denton, vice president of the Rebekah Assembly, presided at the meeting. Mayor C. T. Schlager welcomed the visitors on behalf of the city of Crowell, and Clara Oswald, of Crowell, welcomed them on behalf of the Rebekahs and Ford County. Mrs. Bertha A. Ross of Vernon responded for the Rebekahs and W. A. McIntosh of Memphis responded for the Odd Fellows.

Ray Rector, deputy grand warden, of Stamford, was to make the principal address this afternoon. The evening program will be featured by musical selections by the girls' glee club and boys' orchestra from the orphan home at Corsicana. Memorial services will be given by the Vernon Rebekahs, and Vernon, Elberta, and Crowell will compete for the Rebekah cup.

Delegates were present from practically every lodge in the district.

FRENCH ACE TO RACE WITH ZEP

ATTEMPT WILL BE MADE TO OVERTAKE GRAF ON WORLD FLIGHT

LeBourget, France, Aug. 21.—(A-P)—Dieudonne Coste, French air ace, announced this afternoon he would take off at 5 a. m., tomorrow in a flight around the world in pursuit of the German dirigible Graf Zeppelin which he hoped to overtake and pass before she could reach Lakehurst and New York.

The French aviator, who has already made a flight around the world since he crossed the south Atlantic Ocean in 1927, told an intimate friend today he would attempt to break the world's non-stop distance record for airplanes on the first stage of his race around the world with the Zeppelin, which is at present at Tokyo.

Coste, flying in the machine with which he recently attempted to cross the Atlantic from east to west, will attempt to make the distance from Le Bourget to Vladivostok, Siberia, in a single flight tomorrow.

He says he intends to re-fuel at Vladivostok and then immediately fly to Tokyo, which he expects to reach by 9 p. m. Saturday.

The famous pilot added arrangements had been made at Kasumigaura Flying Field, from which the Graf Zeppelin was to start, to adapt pontoons for his airplane for the flight across the Pacific to the American coast.

POWERS PLAN FOR WAR WHILE ARMIES CLASH

Conflict Seems Imminent as Sanguinary Clashes Continue Along Manchurian Frontier Where Large Forces Are Concentrated.

Shanghai, Aug. 21.—(A-P)—The Nationalist Government semi-official Tachung news agency today issued a dispatch under a Harbin date line saying:

"Although no major developments have taken place on the Manchurian frontier during the past two days, both China and Russia are quietly preparing for war."

The Chinese authorities declared martial law throughout the entire length of the Chinese Eastern Railway as a result of "the increasing gravity of the situation as well as because of a number of incidents along the railway such as the derailling of trains and the recurrence of sabotage by both the Russians and the Chinese Communists."

The dispatch added the Kirin provincial government had ordered two artillery brigades to proceed to the eastern border of Kirin Province to oppose alleged raids by Russian troops.

Telephone communications from Harbin to the east have been interrupted and Communist agitators are believed guilty.

SPOKANE PLANE FINISHES TRIP

Namer Mamer and Art Walker were home today after having pushed the glistering Sun God across the continent and back in a five-day non-stop re-fueling flight.

The small Buhl sesquiplane's landing gear touched the ground at Felt Field at 5:50:40 p. m. (P. S. T.) last night, a minute less than five days after the ship was sent into the west towards San Francisco, the first re-fueling point.

Namer brought the ship to a perfect landing and before it had been taxied into position near a temporary reviewing stand, Walker leaped into the arms of the crowd that had broken through a double line of policemen and National Guardsmen.

A few minutes later Mamer, his legs wobbling, and clothes oil-spattered, climbed out of the tiny cabin of the plane. Both flyers apparently were in excellent physical condition, but were unable to hear ordinary conversation.

The Sun God was ordered to the ground by the executive committee of the National Air Derby Association, which said it believed the object of the flight—to show the feasibility of trans-continental commercial re-fueling systems—had been achieved.

Mamer and Walker were congratulated by President Hoover.

AMELIA LEADS WOMEN'S AIR DERBY INTO EL PASO

El Paso, Texas, Aug. 21.—(A-P)—Amelia Earhart, first woman to fly the Atlantic, was the first of the flyers in the National Women's Air Derby to land at the El Paso municipal airport this morning from Douglas. Her plane crossed the line at the local field at 8:16:14 a. m.

She was closely followed by Mrs. Blanche Noyes of Cleveland who landed at 8:18:46 a. m. Eleven others brought their ships to a stop at the field within a half hour after the arrival of the leader.

The others arrived in the following order:
May Halzlip of Tulsa, 8:20:53; Ruth Nichols, Rye, N. Y., 8:25:49; Louise McPhetridge Thaden of Pittsburgh, 8:27:30; Gladys O'Donnell of Long Beach, 8:30:51; Ruth Elder of Beverly Hills, Calif., 8:31:33; Vera Walker, Los Angeles, 8:40:49; Mrs. Keith Miller of New Zealand, 8:41:04; Neva Paris, of Great Neck, L. I., 8:42:29; Edith Foltz, Portland, Ore., 8:42:41; Mrs. Phoebe Onlie, Memphis, Tenn., 8:43:57; and Mrs. Florence Lowe Barnes of Marino, Calif., 8:47:53; Margaret Perry, Beverly Hills, Calif., 8:53:07; Opal Kunz, New York, 8:53:25; and Miss Mary Von Mack of Detroit, 9:59:25.

Mrs. Louise McPhetridge Thaden was credited unofficially with an elapsed time of 6:38:41 hours out of Santa Monica, giving her the lead for the heavy division of the race. Mrs. Onlie, leader of the light plane division, had an elapsed time of 8:35:24 hours, since the race started. This figure also was unofficial.

SIXTEEN ENTRANTS STILL IN DERBY START EARLY TODAY

Douglas, Ariz., Aug. 21.—(A-P)—Sixteen entrants remaining in the women's air derby from Santa Monica, Calif., to Cleveland, took off from here at 6:30 a. m. (M. S. T.) today headed for El Paso, Texas, approximately 190 miles away. Mrs. Keith Miller, of New Zealand led the flyers, followed at two minute intervals by the others.

PAVING WORK GOES FORWARD

Paving work on Highway No. 28 about four and a half miles south-west of Vernon was going forward smoothly today following resumption of work Tuesday following the four-day suspension caused by striking truck owners. The new crew of truck operators functioned efficiently, Clyde McClung of the McClung Construction Company, contractors, said. Concrete was laid over a distance of 730 feet yesterday.

STRIKING TRUCK OWNERS DISAPPEAR, NO REPORT OF DISTURBANCE

All signs of the strike have disappeared, the line of empty trucks that rimmed the courthouse square here for four days having vanished entirely. No effort to cause a disturbance has been reported.

MAN SHOT AS HE SITS IN PARKED CAR WITH WOMAN

Fort Worth, Aug. 21.—(A-P)—R. P. Lary, was shot four times by a man while in a parked automobile with a woman companion on Morning-Side drive late last night.

INJUNCTION IS ASKED AGAINST CONSOLIDATION

Plaintiffs Declare Effort to Levy Tax Unlawfully and Abolish Elementary Schools Is Being Made in County Line District.

A petition for an injunction restraining the Wilbarger County trustees and the trustees of the Wilbarger-Fourd County Line Rural High School District No. 10 from issuing \$70,000 in school bonds and levying taxes in the district for retirement of the bonds, and restraining the authorities from abolishing the elementary schools in the district was filed with District Clerk Mrs. J. A. Walker late Tuesday afternoon. No date for a hearing on the petition has been set. Judge Robert Cole this morning declared that the plea would be heard any time attorneys reported ready.

Plaintiffs, listed as M. H. Lewis, Ernest P. Strell, John Strell, Albert Strell and Roscoe Wiseman, citizens of the common school districts of Kincheloe and Guggisberg, ask immediate issuance of a temporary injunction, followed by a permanent injunction.

It is claimed by the plaintiffs that the trustees are about to issue bonds and levy an unlawful tax upon and against property of the plaintiffs, and are attempting to do away with the public free school in Kincheloe. Among other assertions, the petition contends that elections for the formation of the rural high school district could not be legally ordered by the County Judge upon the petition of the County Superintendent as ex-officio secretary of the County trustees, but that the law contestant was at Phoenix, planning (Continued on page 3)

AUSTIN MAN IS ATTACK VICTIM

GEORGE HAMILTON FOUND UNCONSCIOUS FROM HAMMER BLOWS

Austin, Aug. 21.—(A-P)—George Hamilton, insurance collector, was in a hospital here today after being found unconscious on a downtown street last night apparently suffering from blows inflicted by a hammer.

LIQUOR SUPPLIES FOR ZEPPELIN ARE ENLARGED

Tokyo, Aug. 21.—(A-P)—Before starting her Pacific flight the Graf Zeppelin's stores were enlarged in Japan by 50 quarts of champagne and a like quantity of wine, besides a plentiful supply of whiskey and liquors.

PAJAMA DANCE ORDERED OFF BY AUTHORITIES

Little Rock, Ark., Aug. 21.—(A-P)—The realm of the pajama is the bedroom and not the ball room, according to an official pronouncement of the county prosecutor.

A local casino advertised a "pajama dance" for tonight. Women's clubs protested, and assistant prosecuting Attorney E. G. Shoffner, issued a manifesto to Sheriff R. A. Cook, notifying the officer he would be with in his rights in preventing the event. Sheriff Cook promptly announced pajamas were "out" as terphorean attire and he would halt the scheduled dance. Promoters of the dance threatened to apply for an injunction to prevent interference by the Sheriff.

Diplomat Quits in Incident Over Servant Problem

Washington, Aug. 21.—(P)—One aspect of the servant problem, complicated with South American politics,

has entered the diplomatic corps in Washington, and Alfredo Gonzales Prada, first counselor of the Peruvian embassy, has left it. Announcing his resignation, Prada related he had employed two servants brought to Washington by Mrs. Miles Poindexter upon the retirement of her husband as Ambassador to Peru, a post to which he was appointed after the expiration of his last term as a Senator from Washington. Mrs. Poindexter, the diplomat said,

addressed a protest to President Lequia a rebuke was cabled to him, and he resigned, asserting he had employed the servants in defense of their interests as Peruvian citizens because they were not being paid adequate wages. Recalling his opposition to the Tacna-Arica treaty, he said in his letter of resignation to Dr. Pedro Jose Rada Y Gamio, Peruvian Minister of Foreign Affairs: "I know this incident is a mere pretext."

loaned to the Chinese Nationalist government to advise in training its army. He has his headquarters with the seventh army corps at Novosibirsk. The eighteenth army corps has been quartered at Irkutsk, under General Lapis. The nineteenth army corps has been quartered at Khabarovsk under General Koroboff.

No Word---

(Continued from page 1) conditions and hope for their safety waned rapidly as the hours passed without news.

At Roosevelt Field, Long Island, the landing lights were kept on last night with the hope the plane might appear overhead after all, but after several hours a small crowd of Swiss nationals and other aviators dispersed, convinced of the hopelessness of their vigil.

Ships at sea, nine of them in the course of the aviators, were asked to report any word of them but without result. If the plane came down on the Atlantic near a ship and the air-men were saved the ship could only have been one without wireless since otherwise there probably would have been some word of the rescue.

There was a chance that like the Bremen of Baron Von Huenefeld, Captain James Fitzmaurice, and Captain Herman Koehl, the plane had reached the American continent and alighted in a desolate out of the way spot, but the chance was slim.

The two aviators were the youngest and least experienced ever to attempt the dangerous crossing, which although made once by the German plane Bremen has come to be regarded as suicidal by aviators. Keesar was but 21 years old, Luscher 22. Both began flying in 1927.

The plane carried no radio, but was equipped with a rubber life boat, rubber life-saving belts, and an apparatus for distilling sea water. The plane itself probably could not remain afloat long if forced down.

CHILDREN'S BUREAU RAPS DANCE HALLS FOR PUBLIC

Washington, Aug. 20.—(P)—Road-houses outside city limits and parental failure to keep their youngsters from public dance halls, were cited today by the United States children's bureau as major difficulties in the "problem presented by the dance hall."

The report based on a survey of cities in 25 states, showed variance in the laws for control of such halls. Echoes of dances long dead were found in still valid ordinances prohibiting the Toddle, Shuffle, Grizzly Bear, Bunny Hug, Texas Tommy, and Camel Walk.

Children's bureau officials, in issuing the study of which Ella Gardner, bureau recreation specialist, is the author, pointed out there was no attempt to call attention to "so-called dance hall evils," but to discuss how public dance halls may be made a "real recreational opportunity rather than a brighter form of boredom" for adolescents.

Miss Naomi Poteet of Haskell, Texas, is visiting her brother, M. G. Poteet, and family of Vernon.

THE
FAMOUS

To the Citizens of Wilbarger County

County Judge J. V. Townsend came to me in a restaurant recently and said Mr. Rowland Cobb wanted to see me down at Townsend's office and Mr. Cobb said he wanted to build a road beginning at a point on the Harrold and Rock Crossing road just north of the Burgess place; then in a Southwest course to a point about the center of Section 18, Block 4, H. & T. C. Ry. Co. Surveys, Wilbarger County, Texas, and Mr. Cobb wanted to know what the Waggoner Estate would charge him for a right-of-way.

I told Mr. Cobb that if he would leave our pastures as they were, we never had charged Wilbarger County for a road and we would not charge him one red cent. I explained to him that "by leaving our pastures as they were" we meant that wherever they crossed a fence he would put in a first class cattle guard and gates. Mr. Cobb promptly advised that he would put in no cattle guards or gates and that the Waggoner Estate could not put them in; that it was going to be an open road sixty feet wide. I then told Mr. Cobb that we would not agree to a road there at all.

MANY STATE, COUNTY AND FEDERAL HIGHWAYS HAVE CATTLE GUARD ROADS.

I took Judge Townsend in a car and went to the Northeast corner of the McCrary place and showed him where they tore out a hundred dollar cattle guard for Waggoner Estate, put none back and refused to let us put one in. I took him to the Northeast corner of Section 7, Block 5, showed him another sixty foot road where they refused to put in a cattle guard or gate, and refused to let the Waggoner Estate put in one. I took him to the Northeast corner of Section 1, Block 14, showed him another sixty-foot road where they refused to put in a cattle guard or gate and refused to allow us to do it. I took him to the Northeast corner of Section 21, Block 14, and showed him another road where they refused to put in cattle guards or gates or allow us to do it.

When we gave them the right-of-way from Rock Crossing to Harrold, we had a cattle guard and gate at the northeast corner of Section 1, Block 14, and it was torn out. When we gave them the road from the Northeast corner of Section 7, Block 5, to the Craig Bridge and on up to Rock Crossing they crossed two fences and refused to put in cattle guards or gates and refused us the right.

The Court went ahead and ordered this road surveyed, appointed a jury of view and this jury of view allowed the Waggoner Estate about \$1,050.00 for the ground taken by the road only. I afterwards got with Mr. Cobb, showed him a road from about the center of Section 18, nearly due east a mile and a half across Beaver Creek, just below the Grayback dam, then a road in a Northeast course to the Northeast corner of Section 21, Block 13 and told him that if he would locate his road on this last route we would charge nothing for the surface and he could keep his \$1,050.00. He refused this because we wanted cattle guards and gates on our side and cross fences. I then proposed to Mr. Cobb that if he would build his new road from the center of Section 18, east and across the creek about a mile and a half, we would give him the right-of-way and we would finish this road free of charge and give him the right-of-way another mile east, which would connect the Craig Bridge and Harrold-Electra road. This he absolutely refused under any condition, would not even entertain it.

The first road laid out by Mr. Cobb is approximately 32,000 feet long, goes over a very rough country, many culverts will have to be built, much unnecessary grading done and a bridge about one hundred feet long placed across Beaver Creek. The road last mentioned that the County would have to grade would be about 9,200 feet long, the bridge across Beaver Creek would be about 60 feet long.

On this last road the taxpayers of Wilbarger County, Texas, would save the grubbing, grading, bridging and maintaining of about four and three-tenths miles over the one Mr. Cobb proposes to construct and would be practically no grubbing to do by the county on the last mentioned road, as it is along a road that is now traveled about five times as much as the road built by Mr. Cobb by the way of Craig Bridge. The last mentioned road, in addition to all the saving to the taxpayers of Wilbarger County, would not lengthen the distance into Harrold over five hundred feet and that over a road that is well built and maintained at this time.

In addition to the extra expense of building the above road as proposed by Mr. Cobb, the maintenance would be hundreds of dollars per year.

If the last road proposed to Mr. Cobb is built it would serve the same school children, as well as the Boggy field and the Consolidated Pool, while his road would serve nothing but a part of the Grayback Pool.

FUNERAL HELD FOR AGED MAN

J. M. LANKSTON DIES AT HOME OF SON AFTER LONG ILLNESS

Funeral services for J. M. Lankston, 87, of Vernon, were held this afternoon at 2 o'clock and interment was made in East View Cemetery. The services were held at the Frost & Dobbs Undertaking Parlor, with Dr. E. F. Lyon, pastor of the First Baptist Church, conducting the services.

Mr. Lankston died yesterday afternoon at the home of his son, W. M. Lankston, in Southeast Vernon, following a long illness. He is survived by four sons, W. M. Lankston, of Vernon, G. R. Lankston, Dothan, Bill Lankston, Bailey, and Luther Lankston, Cross Plains; and one daughter, Mrs. Ella Davis of Altus, Okla.

Injunction Is---

(Continued from page 1)
is a petition from each of said contiguous districts bearing at least twenty signatures or a majority of the resident legally qualified voters must be presented.

The rural high school district involved consists of the former common school districts of Kinchee, Antelope, Haney, Parsley Hill and Guggisberg. Defendants named are, members of the County board of trustees, H. D. Simmonds, chairman, S. T. Porterfield, C. H. Randel, H. A. Blevins, and E. B. Gillis, and the trustees of the rural high school district, H. G. Price, Ed Lehman, T. J. Kidwell, B. P. Abston, Ethel Bo-

man, Henry Tolan and Karl Guggisberg.

Many small children in remote parts of the district will have to travel at least some eight or ten miles if the elementary schools are abolished, the petition declares.

History of the efforts to form a rural high school comprising the five common school districts of Haney, Antelope, Guggisberg, Kinchee, and Parsley Hill dates from April 17, when an order was issued by County Judge J. V. Townsend calling an election for May 11 in all of the districts for the purpose of voting on formation of the rural high school district. The election carried, with the vote by districts as follows: Kinchee, 12 for and 53 against; Antelope, 43 for and 27 against; Haney, 27 for and 2 against; Parsley Hill, 17 for and none against; Guggisberg, 18 for and 18 against, giving a total of 105 votes for and 76 against.

On June 8 an order was issued for an election on June 29 for purpose of abolishment of elementary schools, and the election carried in the consolidated district as a whole, although each of the common school districts did not give the proposal a favorable majority.

A bond election for the issuance of \$70,000 in securities to finance a building for the high school district, carried on July 23 with 94 votes against the issue and 96 recorded for it.

Amelia Leads---

(Continued from page 1)
to catch up today and join the flight through New Mexico and Texas. The broken body of Marvel Crosson, 25-year-old flyer who plunged to death Monday under a partly opened parachute, was being sent back to her family home in San Diego, Calif. A coroner's jury found her death to be accidental.

NAVY PLANE IS FORCED DOWN

SHIP RETURNS TO DALLAS BECAUSE OF DAMAGED CYLINDER

Dallas, Aug. 21.—(P)—A damaged cylinder forced one of the Boeing pursuit planes of the Navy squadron en route to Cleveland to land at Love Field, Dallas' municipal field, shortly after taking off today. Two sister ships turned back with the crippled craft. Mechanics said several hours would be required to repair the damage, and it would be late in the day before the flight could be resumed.

The rest of the squadron, 18 planes, including an advance ship, continued to St. Louis, where the night will be spent. Re-fueling stops were scheduled at Muskogee, Okla., and Kansas City.

Twenty of the planes spent the night in Dallas, the other stopping at Abilene, Texas, to avoid bad weather. The latter ship, however, arrived here early today, re-fueled and took off after the rest of the squadron, hoping to catch up with it before reaching St. Louis.

The ships, stationed at the San Diego naval base, were en route to Cleveland in connection with the National air races.

MISSIONARY TO CONDUCT PRAYER MEETING HERE

Miss Alice McLarty, of Thomasville, Ga., formerly of Vernon, who is a home missionary, will conduct the prayer meeting services at the First Methodist Church at 8:15 o'clock this evening. Rev. C. A. Bickley, pastor of the church, announced this morning. Miss McLarty is visiting in Vernon with her sister, Miss Essie McLarty.

ALEXANDER SENT HOME FOR REST OF SEASON

St. Louis, Aug. 21.—(P)—Grover Cleveland Alexander, veteran St. Louis Cardinal hurler, who recently broke training, was sent to his home at St. Paul, Nebraska, today for the remainder of the season at full pay. He was not suspended.

Use Vernon Record want ads.

PLYE DRUG STORE HERE ROBBED DURING NIGHT

Burglars entered the Pyle Drug Store No. 2, 1409 Main Street, early this morning and escaped with \$30 worth of merchandise and \$7.50 in cash. No clue as to the identity of the burglars was reported this morning and no arrests had been made today at noon.

Employees of the drug store who opened the store this morning discovered that the rear door had been forced open. Further investigation revealed that the money and merchandise had been taken. The goods consisted of cigarettes and jewelry. Local officers are working on the case. A leaf of an automobile spring was found near the rear door and is thought to have been the means of forcing the door.

SCOUTS GIVEN AWARDS AT COURT OF HONOR

Four members of the Vernon organization of Boy Scouts of America were found eligible for first class classification and two members received second class awards at the Court of Honor Council held last night. Several merit badges were awarded at the meeting last night.

Judge W. N. Stokes, vice president of the Boy Scout Council here, presided at the meeting last night in the absence of Judge W. D. Berry, president. Ben Parrish, scout executive for the Quannah Parker Area, examined the candidates and pronounced them eligible for honor advancement. Robert D. Skelton, famous American athlete, and first aid and life saving representative of the American Red Cross, was honor guest at the meeting.

Vernon Boy Scouts who were advanced to first class standing were Howard Withers, Durward Williams, and Fred Canifax of Troop 1, and Billy Jennings of Troop 11. Second class awards were presented to Talton Leverett and Billy Jennings. In the case of the latter a special ruling was made whereby he could be awarded both a first class and a second class symbol. Jennings had completed the required work and passed the test for the second class award 60 days ago, it was pointed out, and was deserving of the two medals.

Merit badges were awarded to the following: Ray Shirley, plumbing and carpentry; Orvil Alexander, bookbinding; George Slauson, dairying and plumbing; Marlin Anthony, dairying; Billy Jennings, dairying; and Burnett Howell, music. Thirty visitors were present at the Court of Honor Council meeting last night.

Oct. (old) 18.53;	Oct. (new) 18.45;	Dec.	18.77.	

New York, Aug. 21.—(P)—The cotton market opened steady at a decline of 10 to 17 points under realizing or liquidation. Disposition to take profits was evidently increased by relatively easy cables and a possibility that the rains in the northwest might work south and relieve drought conditions in Texas and western Oklahoma. Early offerings were readily absorbed, and the market stiffened.

October sold up from 18.45 to 18.62 and March from 19.04 to 19.14 with the market ruling 1 to 6 points net lower at the end of the first half hour.

LOCAL BRIEFS

Miss Gwendolyn Staley visited in Wichita Falls, Tuesday. Melton Wolfe and Jack Ballew are visiting friends in Wichita Falls.

Mrs. Gilford McCarroll has returned from several weeks' visit in Colorado. Miss Annie Lacy returned this morning from several days' visit with friends in Wichita Falls.

Mrs. E. V. Henry and Miss Minnie Renfro, of Dallas, are the guests this week of Miss Rebecca Crow.

Mr. and Mrs. W. R. Murrell announce the birth of a girl, Sunday, August 18.

Mrs. Bert Speed and children, of Comanche, have returned to their home, after a visit here with Mr. and Mrs. R. J. Spader.

Miss Jewel Flannery, of Vernon will leave Thursday for Altus, Okla., where she will visit with relatives several days.

Mrs. Marvin Sharp and children are visiting in Amarillo this week with Mrs. Will Colley, a former Vernon resident.

Misses Ernestine and Evelyn Davenport, of Littlefield, are visiting in Vernon with Mr. and Mrs. E. B. Owen, and family.

Miss Mary Baggett, of Abilene, returned to her home today, after a visit here with Mr. and Mrs. E. B. Owen.

Fletcher W. Smith, of San Angelo, visited in Vernon Tuesday with his brother, Cecil Smith, and friends. He was en route home from a visit to Yellow Stone National Park.

Miss Catherine Hawley, of Wichita Falls, is visiting in Vernon this week with her aunt, Mrs. W. H. Huggins, and sister, Mrs. D. D. Bourland.

Mr. and Mrs. Earl Bristo and son, Earl Jr., and Mrs. Clyde Spears left Tuesday for a visit at points of interest in Colorado. They will return home in about two weeks.

Mrs. C. F. Wilson and daughter, of Palestine, left Monday for a visit in Southland, after visiting here with her brother, E. A. Vernon, and sister, Miss Bess Vernon.

Mr. and Mrs. A. H. Drieler, son, Albert, and daughter, Alice, of Aurora, Nebraska, are visiting at the home of Roscoe Rainwater and family of Vernon. Mr. Drieler is connected with the United Light & Power Company of Aurora, and will be here through today looking after business interests.

ENDURANCE FLIGHT ENDS WHEN PLANE FALLS IN BAY

San Francisco, Aug. 21.—(P)—The endurance monoplane San Francisco lay at the bottom of San Francisco bay today, and its pilot, Donald Templeman, former army flyer, was recovering from the effects of the plunge which ended his undertaking last night.

Apparently fatigued, Templeman misjudged his distance from the ground as he was circling Mills field in the 36th hour of his flight. The craft struck an electric transmission line and fell into the bay, a few feet from the shore. Templeman swam out, uninjured.

The flight ended at 9:47 p. m., 35 hours, 38 minutes after his takeoff.

New Orleans

	High	Low	Close	P.C.
Jan.	19.08	18.53	18.50-61	18.94

Opening: Jan.	18.87;	March	19.00	
May 19.10; Oct.	18.57;	Dec.	18.84.	

New Orleans, Aug. 21.—(P)—The cotton market opened easy today at a decline of 3 to 5 points in sympathy with lower Liverpool cables than due. Prices continued to ease for a time after the start on the disappointing cables and October traded down to 18.54, December 18.80 and January 18.85, or 9 to 10 points below yesterday's close.

Continued absence of rain in the Texas drought section brought out some support later in the morning and October rallied to 18.65, December 18.92 and January 18.95, or 2 to 3 points over yesterday's close. At the end of the first hour the market was steady and at the highs.

Demand became aggressive later due to a bullish construction of the weekly weather and crop summary. Considerable trade buying and covering followed publication of the summary and October advanced to 18.76, December 19.03 and January 19.08, or 2 1/2 to 2 3/4 points up from the early lows and 12 to 13 points over yesterday's close.

The bulge attracted profit-taking and near mid-session prices gradually eased off 13 to 15 points from the highs.

Liverpool

Liverpool, Aug. 21.—(P)—Cotton spot increased demand; lower; American strict good middling 11.18; good middling 10.78; strict middling 10.58; middling 10.38; strict low middling 10.13; low middling 9.83; strict good ordinary 9.43; good ordinary 9.03. Sales 7,000 bales, 4,400 American. Receipts 6,000, American 1,700. Futures closed steady: October 9.97; December 9.97; January 9.98; March 10.02; May 10.06; July 10.06.

GRAIN

Chicago

Chicago, Aug. 21.—(P)—Announcement of railroad embargoes against rye, oats and barley shipments to Minneapolis and Duluth led to a sharp early break today in wheat values here. Weakness of wheat at Liverpool tended also to pull Chicago prices down.

Opening at quarter cent to two cents decline, Chicago wheat afterward continued downgrade. Corn and oats went lower with wheat, corn starting 1-8c off to 1-2c up, and subsequently undergoing a general sag. Provisions were easy.

LIVESTOCK

Fort Worth

Fort Worth, Aug. 21.—(P)—Hogs: 800; steady to strong; rail top 10.80; truck top 10.25; medium to choice 185-215 lb rail hogs 10.50 to 10.80; 180-240 lb truck hogs 10.00 to 10.15; packing sows 7.75 to 8.25.

THE New BUICK

The Greatest success in all Buick history

More people have purchased New Buicks during the past two weeks than in any similar period of any previous year

The New Buick with Body by Fisher has met with a veritable landslide of public demand. Many purchased before ever seeing the car—many thousands of others placed their orders the first few days it was on display—other thousands have been taking demonstrations and then making Buick their choice.

More Buick owners have entered orders—more men and women who owned other cars have turned to Buick—more people who formerly paid from \$1000 to \$2000 higher for their automobiles have purchased Buicks—than ever before during a similar period in Buick's twenty-six year history.

The total demand during these two weeks is from three to five times as great as that for any other automobile priced above \$1200.

Popularity so overwhelming carries an unmistakable message to every prospective motor car buyer: See the new Buick—drive it—compare it—and you'll quickly discover that it's the greatest dollar-for-dollar value in the entire quality field.

WE DON'T FEAR MONOPOLY

Accustomed as we are to business operation on a gigantic scale and a liberal interpretation of the anti-trust laws, couched when they were written several years ago in phraseology that would suppress many of the major business organizations of today if they were enforced to the letter, it is difficult for the layman to understand the justice of the so-called Packers Consent Decree. Agitation for modification of this court order has been started, and it seems only fair that it should be modified.

The decree, which in effect confines the activity of packers to the packing industry, prohibiting them from handling other commodities such as groceries, is a product of another age, an age when the people viewed the extension of business beyond the home town limits as a menace, threatening monopoly. Our attitude toward business has changed materially since then.

As a result there have been fundamental changes in marketing methods in the last decade. The great development of the chain store has almost revolutionized the distributive systems of all industries. The chain with its tremendous buying power has been allowed to become a competitor of the retailer without protest. These chains have become so big that they have extended their activities into almost every phase of the assimilation of their products. While they may not actually be engaged in manufacturing, they no doubt exploit their tremendous buying power in dealing directly with the manufacturer to obtain prices peculiarly advantageous to them. They undoubtedly are extending their activities into the retailing of meats. Since they eliminate the jobber, they become competitors of packers.

Yet the provisions of the consent decree prohibit the packer affected—and it affects only four out of some 500 operating in the United States—from meeting his competitor in other fields.

The packers are presenting numerous other arguments. But surely this unjust discrimination is sufficient reason for a change. While we take pride in the operation of big business, we are unfairly curbing four great organizations.

FRATERNITIES ON PROBATION

Action of the regents of the University of Texas in placing drastic restrictions upon fraternities and sororities is wholly commendable. About the only criticism that one may offer against it is that the action should have been taken earlier.

The Record believes that fraternities and sororities can be made vital factors in college life, enhancing the value of associations which undeniably are important. However, it is possible for the organizations not only to fail to contribute to the proper development of the young men and women, but to abuse the trust put in them by actually becoming a detrimental factor. One must be a warm friend of the Texas organizations to contend that they have made worthy contributions to college life at the University.

Of course a fraternity and a sorority is made up of individuals, but it cannot be denied that the Texas organizations seem to have attracted an excessive number of students who find pleasure in and pursue courses which no fair-minded individual can view as a healthy state of affairs. It may be that some of the rumors of wild parties and liquor drinking have no foundation in fact, but those who are acquainted with affairs at the university know that sorority and fraternity houses are not noted for spaces of quiet and study.

Speaking kindly of them, we must admit that they have placed too great emphasis on the social aspect of university life, and as social life of the present generation has a tendency toward revelry we can easily believe that there are grounds for some of the charges made against these organizations.

It is to be hoped that the regents' action in placing the fraternities and sororities on probation will have a salutary effect, and that those who would the policies of the organiza-

tions will give serious thought to exerting the influence they have in the right way. Social activities that widen the acquaintance of the individual and develop the right type of spirit of fellowship are wholesome and valuable in all phases of modern life, particularly so in business, but the wrong emphasis can be placed on them.

Victim in Minneapolis' "Hickman Case Murder"

Twelve-year-old Dorothy Anne, left, victim in a savage murder at Minneapolis that closely resembles the brutal slaying of little Marion Parker by Edward Hickman in Los Angeles two years ago, is shown here with her chum, Margaret Stone. The girl's body, bound with wire and stuffed in gunnysacks, was found in a gutter a few hours after a strange man had tried to entice her into his auto.

SPUDDERS FACE BUFFS AFTER LOSING THREE IN ROW

LEAD SLASHED FROM SIX TO TWO AND HALF GAMES IN TILTS WITH WINNERS OF FIRST HALF

(By The Associated Press)

Scarcely broken, but badly bent, the high powered Spudder machine limped out of Dallas last night after three highly distressing afternoons in the Steer sanctum. The club that was supposed to have been geared for the second half crown resembled nothing so much as a bush league outfit in dropping three straight to the nine which may oppose it in the play-off.

Little surcease was seen for the slumping Gallowayites today. They found themselves at Buffalo stadium in Houston, which was something like hopping from a skillet into the fire. Their lead slashed from six games to two and a half since they left home Saturday night. The Spuds faced the prospect of having it erased entirely unless they do better the next three days than the last three.

The crushing manner in which the Mavericks lathered the Oilers in the series just closed possibly is filled with potent. It not only transformed the Texas League race from a runaway to a tightly bunched field, but definitely established the fact that the Steers will not be push-overs in the five-game saw-off, no matter what club they encounter.

Sergeant George Connolly took up where Whitey Glazner and Vic Fraser had left off the two previous afternoons in setting the leaders down, 8 to 2, in the series final. In limiting the Spuds to four hits he set their bingle total for the three days at 11 safeties. Up to the seventh round, when the visitors scored both their runs, he did not allow a blow.

The Spud debacle apparently has spurred the Buffs. For the second straight afternoon Bailey's men swept a double bill with the Exporters, 4 to 0 and 4 to 2. In order to lick Denney Burns in the first the Bisons had to scrap through 10 innings, scoring one run in each of the last four.

Flint Rhem had the invaders well in hand in the nightcap while his mates bunched their hits off Grimm.

Del Pratt's Cubs tussled through one of the season's longest games before eking out a 5 to 4 triumph over the Indians at San Antonio and Shreveport salvaged its last tilt at Fort Worth, 6 to 5.

A Pajama Dance.
Daytona Beach, Fla., Aug. 21.—(P)—Pajamas are to be worn by both sexes at a dance under the auspices of the city recreation department on the boardwalk next Monday night. No other attire will be permitted.

HEAVY HITTING IS FEATURE OF CONTEST PLAYED AT CITY PARK YESTERDAY AFTERNOON

A Vernon team composed of former Sunday School leaguers defeated the Thalia semi-professional team 8 to 6 on the City Park diamond here yesterday afternoon. It was the second game for the Vernon team, organized last week at the close of the Sunday School season.

Four pitchers saw service from the mound in the seven-inning hitting spree. Buzbee, former Baptist hurler, started the game for Vernon and held up comparatively well for five innings, in the course of which he gave up nine hits. Ed Edwards finished the game, pitching two good innings. R. Mints hurled three and a half innings for Thalia and was relieved by Horton after an onslaught of hitting by Vernon players, who gathered a total of fourteen hits off the visiting moundmen.

G. Mints for the visitors, led the hitting with a double and a triple, while Banister, visiting second baseman, slammed one over the left field fence for a round trip. Rainwater, Carney, Gurrin, Foster, and Shoemaker divided hitting honors for the home club. Three double plays were completed by the Thalia team.

Each team tallied once in the first frame. G. Mints, visiting third baseman, was hit, after Mason had popped out to Rainwater, and tallied on L. Mints' long sacrifice to center field after stealing second. Rainwater singled, advanced on Carney's sacrifice, R. Mints to Webb, went to third on Foster's single, and came home as Foster took second in a double steal.

The visitors brought in three runners in the second. Webb drew a walk, advanced on Rainwater's fumble, and scored on R. Mints' double to center. Horton, safe on Rainwater's error, scored with R. Mints on G. Mints' double. The Vernon team was held scoreless in the second.

After retiring the Thalia crew in order in the third, Vernon started hitting and stopped only after four runs had been hammered in. Rainwater, safe on Mason's error, advanced on Carney's double and scored as Foster went out, Mason to Webb. Shoemaker singled, scoring Webb, and reached second on a muff by Banister. Currin singled and scored from first, after Shoemaker, on Dalmasso's hit to center.

The Mints Brothers were held in

FARGO TO PLAY PHILLIPS TODAY

TWO SECTIONS OF COUNTY REPRESENTED IN GAME HERE

Baseball fans of Vernon and Wilbarger County will have the opportunity of seeing two of the county's best teams in action this afternoon when the Fargo diamonders, headliners in the northern part of the section, meet the Phillips Petroleum nine on the City Park field here at 5:30. The Phillips team holds the spotlight of the south side of the county. It will be the first appearance of the Fargo team here since July 4.

With the exception of Gene Townsend, stellar Phillips hurler, both line-ups will consist of regulars who have played the entire season. Williams, who will pitch for the Oilers, is a good twirler. Emmett will pitch for the Fargo team.

The Phillips line-up will consist of the following: Thornton, third base; Sands, short stop; Aikens, second base; Carlyle, left field; E. Sturm, catcher; Henderson, first base; Henry, right field; F. Sturm, center field; Williams, pitch.

For the Fargo line-up the following have been submitted: Wall, first base; Blue, second base; Richards, short stop; Adair, third base; Coffey, left field; Densen, center field; Phillips, right field; Major, catch, Emmett, pitch.

Pitching—Grove, Athletics, won 18, lost 3.

REFUSE TRANSFER OF GAMES TO WICHITA FALLS

San Antonio, Aug. 21.—(P)—If there was any further doubt that six clubs of the Texas League looked with disfavor upon the sale of Ander Messinger, star Indian slabster, to Wichita Falls, it was removed this week when they refused to sanction a transfer of three scheduled games from here to the Spudder city.

The club owners without hesitation agreed to transfer the scheduled labor day doubleheader here to Waco in order to help attendance and likewise permitted a series with Fort Worth Aug. 30, 31 and September 1, to be shifted to Pantherville, but they balked at sending three tilts to Wichita Falls.

Several clubs that had been bidding for Messinger to no avail were said to have been aggrieved when the Spudders grabbed him off.

STEWART PICKS BAYLOR TO WIN SOUTHWEST FOOTBALL

Houston, Aug. 21.—(P)—E. J. (Doleful Doc) Stewart, former University of Texas coach, is one of the first to make an outright prediction of the outcome of the 1929 Southwest Conference grid race. He picks Baylor University to capture the title.

Stewart, who this year retired from the coaching field after 30 years, believes Texas will give the Bears the hardest fight. He predicts that Bruce Kattman will make Coach Ray Morrison at Southern Methodist University forget Redman Hume.

MAJOR LEAGUE RACES ARE IN ALMOST IDENTIC SITUATIONS AS CUBS EXTEND THEIR LEAD

(By The Associated Press)

The two major league races have developed almost identic situations with the Philadelphia Athletics 12 games in front of their nearest American League opposition and the Chicago Cubs nine and one-half games to the good in the National circuit.

Although the Cubs got no better than an even break with the New York Giants they increased their lead by half a game as the Pittsburgh Pirates took another on the chin from the Phillies.

Both Cubs-Giant games were pitchers' battles. Freddy Fitzsimmons outpitched Guy Bush in the opener and the Giants won, 4 to 1. In the nightcap Hal Carlson blanked the Giants with six hits and the Cubs won 1-0.

The Phils conquered the Pirates for the third time in a row by an 8-6 count. Brame was shelled for eight Phil runs in the first three innings but Petty and Hill held the Quakers scoreless thereafter.

Thanks to another brilliant pitching performance by Ray Moss, Brooklyn got an even break in two games with the St. Louis Cardinals. After Wee Willie Sherdel had outpitched dazzy Vance to give the Cards the first game, 3-2, Moss blanked the Red Birds with four hits and walked off with a 4-0 triumph.

Red Lucas pitched Cincinnati to an easy 6-2 victory over Boston to record his 16th win of the season.

In the American League the Yankees picked up a game on the Athletics by beating Chicago, 5-4, while the A's were losing to St. Louis, 2-1.

Ralph Kress' homer with one on in the sixth decided a tight pitcher's battle between Alvin Crowder of the Browns, and George Earnshaw and Jack Quinn of the A's at St. Louis. Crowder permitted only four hits.

Burke was knocked out of the box in the first inning by Cleveland but Myles Thomas stopped the Indians dead thereafter and Warington walked away with a 6-2 verdict.

The rampaging Boston Red Sox assaulted three Detroit pitchers for 15 hits and beat the Tigers, 12-8.

WESTERN OPEN GOLF MEET TO BE HELD AT MILWAUKEE

Milwaukee, Aug. 21.—(P)—The vanguard of a record field of 278 golfers, some great and many near great, unpacked their war clubs to open fire today on the Western open throne of Little Abe Espinosa, of Chicago, over the Ozaukee Country Club course.

It was the most brilliant field in the tournament's 30 years of play, and so many stars were entered the champion was far from a favorite. In fact, the sturdy little Spaniard who won the title against a far more mediocre field last year, was considered a "long shot."

Musical Program Given by Girls' Glee Club and Orchestra of Odd Fellow Home Heard by 1,000 Here

Approximately 1,000 people attended the program given by the Girls' Glee Club and orchestra of the Odd Fellow Home in Corsicana at Allingham Park Tuesday evening. All the seating capacity and surrounding available space in the park was filled, and the program given by the orphan children was most enthusiastically received by the audience.

Besides the musical numbers and other features presented by the children, talks were made by Grand Master Barry Miller, I. O. O. F. of Texas, E. Q. Vestal, of Dallas, State grand secretary, Mr. and Mrs. Ross Harris, superintendent and matron of the Home, and Miss Ruth Thranert, a member of the Home.

G. W. Backus, past grand master of the local lodge, presided at the entertainment and acted as Master of Ceremonies. The local boy scouts assisted in the seating arrangements and other duties.

"Odd Fellowship and the Cor-

sicana Home" was discussed in the talk made by Barry Miller, emphasizing the importance of the proper support of the Home and the responsibility of leadership among the Odd Fellows. The other speakers explained the different features in the Home and told of the work of the children.

Glee club and orchestra numbers, solos, duets, quartets, readings, and various other forms of entertainment were presented by about 35 girls of the Home, during the evening.

Preceding the program at 6:30 o'clock, the local Odd Fellows and Rebekah Lodges entertained the children and the grand officers with a picnic supper in the park. Quite a number of the lodge members and their families attended the picnic with the honorees.

Normal human blood is too thick to be drawn through the mosquito's small piercing tube. They must first inject a thinning fluid. In that way disease germs are set afloat in the blood stream—bacteria of burning fever and crippling disease. There is also the danger of streptococcal infection (blood poisoning) from scratching the bite. Mosquitoes must be killed. Health authorities advocate FLY-TOX. Simple instructions on each bottle (blue label) for killing ALL household insects. INSIST on FLY-TOX. FLY-TOX has a perfume-like fragrance. It was developed at Mellon Institute of Industrial Research by Rex Research Fellowship. Safe, stainless, fragrant, sure.—Adv.

Spiced Fruit Loaf a Moist Cake
MENU FOR DINNER
Maine Loaf Potato Loaf
Head Lettuce Salad Plum Jelly
Spiced Fruit Loaf and Coffee

Ham Loaf, Maine
2 cups chopped cooked ham
1 cup chopped, uncooked pork
1 cup soft bread crumbs
1-2 teaspoon salt
1-4 teaspoon celery salt
1-4 teaspoon white pepper
1 egg
1-2 cup milk
1-4 cup catsup
2 tablespoons butter, melted.
Mix the ingredients and pack into a buttered loaf pan. Bake in a moderate oven for 35 minutes. Unmold and surround with creamed peas.

Potato Mold
2 cups mashed potatoes
2 egg yolks
3 tablespoons milk
2 tablespoons chopped parsley
2 egg whites, stiffly beaten
2 tablespoons butter, melted.
1-2 teaspoon salt
Mix all the ingredients lightly and pile into a buttered pan. Bake in a moderate oven for 20 minutes.

Spiced Fruit Loaf, a Cake
(This will keep moist a long time)
2-3 cup butter
1-2 cups sugar
8 eggs
3-4 cup milk
1 teaspoon vanilla
1 teaspoon cinnamon
1 teaspoon cloves
1-2 teaspoon nutmeg
1-2 teaspoon salt
1 cup chopped raisins
1-2 cup nuts
3 cups flour
2 teaspoons baking powder
Cream the fat and sugar. Add the rest of the ingredients and beat for 3 minutes. Pour into a loaf pan which has been fitted with waxed paper. Bake in a slow oven for 45 minutes.

Less satin and more flat crepe and morecam is the trend in afternoon frocks. At Cybil's I admired a light-mustard colored dress of morecam made with extra long skirt and a cape-scarf.

Mrs. Vernon Honors Son on Ninth Birthday Tuesday

Mrs. E. A. Vernon entertained a number of little guests with a party Tuesday evening from 5 until 6:30 o'clock at Allingham Park, honoring her son, Mack, on his ninth birthday. Punch was served throughout the afternoon and games were played. Following the games, a prettily decorated pink and white birthday cake was cut and served with frozen custard in lily cups. The different birthday legends were found in the cake by the guests. Mrs. Anderson C. Smith assisted Mrs. Vernon in entertaining.

The invited guests were: Billy Summerour, Lewis Thompson, Charles Ernest Myers, James Bennett, Helen Christine and Frances Smith, Leroy Smith, Ben Leutwyler, Jr., Dan Nowlin, Erma Aleene and Betsy Nichols, Doris King, Ruth Vernon, and the honoree, Mack Vernon.

Court Asked to Stop Claims of Poisoning Mate

Wichita Falls, Aug. 21.—Mrs. Della Morris, 409 Lamar, widow of T. A. Morris who died here on Aug. 3, Tuesday afternoon applied for an injunction order restraining E. S. Goodlett, her neighbor at 407 Lamar, from the alleged circulation of a report that she poisoned her husband. The petition was filed at 5 o'clock in the 78th district court and will be presented to Judge W. W. Cook Wednesday morning.

The petitioner accuses Goodlett of continuing to bring the charge against her and of otherwise maligning her character. She asserts that she traveled all over the state in an effort to restore her husband to health during the 10 months of his illness with high blood pressure and heart trouble, and declares that the alleged remarks of the defendant are untrue.

The application further sets out that Mr. Morris, who was an employee of the Fort Worth and Denver, was under the care of a physician before and at the time of his death and that the plaintiff gave her aid in every way. She asks that Goodlett be restrained from charging her with other acts as well as with the administration of the poison.

Vernon, Texas

Has Steam Heat, Running Water and Everything

It's "Pullman" coach of the air. Steam-heated, with running water, electric lights and two-way radio phone communication, the 18-passenger Curtiss Condor transport biplane shown here is the newest development in American air lines. This gives a striking impression of the huge size of the plane, with nearly a hundred men grouped beneath the 91-foot lower wing. The plane is 57 feet long. It has been designed for service on the Transcontinental Air Transport's plane-railroad route across the continent. There are three private cabins finished in natural wood, each compartment accommodating six passengers. Either of the two 600 horsepower engines is able to maintain level flight at 5000 feet. Tiny boilers on the exhaust manifolds of the engines provide steam heat.

DOANS

Mr. and Mrs. Henry Ross of Sherwood, visited their parents, Mr. and Mrs. R. A. Easton, Sunday.

Mr. and Mrs. Lee Armstrong and family returned from Medicine Park, Okla., Sunday.

NAVY PLANES IN TEXAS ON WAY TO NATIONAL AIR MEET

Dallas, Aug. 21.—(P)—Twenty navy planes, en route from the Pacific coast to Cleveland for the national air races, took off for Kansas City at 7:30 a. m., today after spending the night here.

The planes took off at two-minute intervals, circled the field briefly and roared away toward the north. The squadron included 18 fast Boeing pursuit planes and two giant Sikorsky amphibians. The personnel of the flyers was made up of 45 enlisted men and officers.

One plane which left San Diego, Calif., with the others spent the night at Abilene after having been delayed by inclement weather. The plane

skirted a rain west of Abilene yesterday afternoon, and pilot C. G. Alexander decided to stop at Abilene and attempt to overtake the remainder of the squadron at Dayton, Ohio. Seven other men were with Alexander.

The squadron is commanded by Lieutenant Commander Homer Wick. It flew to Dallas yesterday from Tucson, Arizona, where the first night out of San Diego was spent. A refueling stop was made at El Paso.

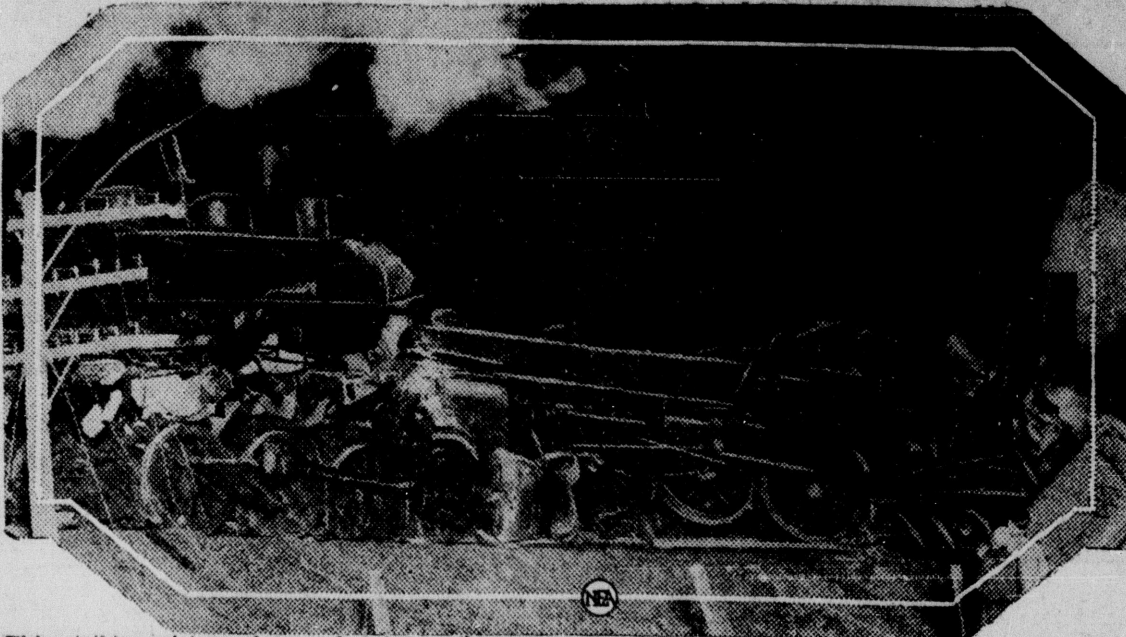

The flyers were guests at a reception last night given by Lieutenant Harry Weddington, executive officer of the United States Army air squadron at Love field.

With the exception of the plane which landed at Abilene, none of the squadron experienced any difficulties after leaving the Pacific coast.

proposal to restore the old wood and stone Fort Crogan at Burnet in which General Lee was cared for while leading troops into the southwest before the war. The famed Southerner then was a lieutenant.

J. H. Faubion of Leander, president of the Williamson County Old Settlers' Association, is searching memoirs of pioneer Central Texas settlers in the hope of obtaining other information about Lee's presence in Texas when he commanded troops which protected settlers from Indians. As a result of the investigation, a giant live oak tree at Jolleville has been identified as a favorite camping place of General Lee in his early military career.

COTTON BURS MAKE EXCELLENT FERTILIZER

A number of farmers of Wilbarger County have discovered that cotton burs from the gins make excellent fertilizer, according to County Agent R. E. L. Pattillo. "The farmer who will haul these burs from the gins

and scatter them on his fields will be well paid for his trouble", Mr. Pattillo said. The theory, which has been proved by certain farmers of this section, is that the burs will tend to check the land from blowing, and in addition such a practice conserves moisture and makes the plant food available.

Mr. Pattillo cites as an example of the proof of the theory and the successful use of burs the farm of Bass King, which lies to the right of the highway leaving Oklahoma going toward Red River. Mr. Pattillo urges farmers and business men to see this field and observe the result of scattering burs on land. During the hot weather, Mr. Pattillo said, this field is a convincing argument that it is almost criminal to burn burs at the gin rather than to return them to the soil.

Mother Marries Daughter.
